

Quote Direct

Your online insurance quoting solution

Insoft Quote Direct

InSoft Quote Direct enables you to create and release new insurance products quickly and easily.

InSoft Quote Direct seamlessly integrates with InSoft Core Insurance and other applications to create a complete insurance management solution.

Also available by itself as a standalone quoting application InSoft Quote Direct, can be used with your current infrastructure with captured data being passed via a variety of methods to your existing back office management system.

InSoft Quote Direct can be deployed within your website design. In fact, each product can have an individual template or brand depending upon your marketing strategy.

Benefits for your business

- Create and release new products quickly using the simple Product Wizard
- Create auto rated and non-auto rated products
- Reduce double handling of data
- Customise, edit and update products in moments

Benefits for your clients

- Improved online service offerings
- Real-time access to policy, claim, account information (when integrated with Insoft Client Direct, and Insoft Broker Direct).
- All products to be individually branded for either marketing or creating products on behalf of your broker network.

Insoft Quote Direct - your online insurance quoting solution.
